

# Nazis of Sayn and Wied

The House of Sayn-Wittgenstein are a powerful imperial nobility of the Holy Roman Empire that have a close alliance with the Roman House of Chigi-Albani della Rovere and the Holy Roman House of Wied-Neuwied. The Rockefellers were really a branch of the House of Wied. The Sayns and Wieds are loyal to higher level royals and nobles like the Hohenzollerns, Wurtembergs, Badens, Wittelsbachs and Hesses as well as the royal family of Sweden. The Sayn-Wittgensteins were also married to the Schaumburg-Lippe family recently and they work closely together. The Sayns and Wieds manage Nazi gang stalkers and direct Nazi propagandists. They also work closely with the Rockefellers which are really nobles from Neuwied and Hesse. Members of the Sayn-Wittgensteins include Prince Alexander of Sayn-Wittgenstein-Sayn and his children Prince Heinrich, Princess Alexandra, Prince Casimir, and Prince Ludwig, Princess Sofia, and Prince Peter. Prince Ludwig Sayn-Wittgenstein-Sayn married Countess Philippa Spannocchi. The Spannocchi family are an Italian Sienese family just as the Chigis originated in Siena. Prince Heinrich's wife is from an Italian Tuscan nobility and he runs an investment firm in Milan. Prince Karl Heinz of Sayn-Wittgenstein is a top member and his wife is Princess Andrea. Prince Bernhart of Sayn-Wittgenstein-Hohenstein is the head of his family branch and Prince Gustav Prince of Sayn-Wittgenstein-Berleburg is the head of his Berleburg branch along with the sadistic witches Princess Lilly, Princess Vanessa, and the sadist Prince Maximilian who is the executive director for 1st Capital Management Group. Prince Gustave's grandfather was a Nazi. Prince Ludwig-Ferdinand of Sayn-Wittgenstein-Berleburg is a high level member and German businessman and

landowner. The noble House of Wittgenstein also created a Jewish branch that took the name Wittgenstein. The Christian German royals and nobles often use Court Jews as agents to work as their bankers and businessmen. Karl Wittgenstein was a Jewish member of this family and one of the wealthiest men in Europe. I believe the Wittgenstein family transferred their wealth to the House of Sayn-Wittgenstein through private Swiss accounts. Prince Heinrich of Sayn-Wittgenstein was a member of the Nazi Luftwaffe. The Rockefellers originated in Neuwied and are likely descendants of the Wied noble family. The Rockefellers are related to the Runkel-Wied family of Hesse. The word Runk is related to rock, weed, and to dig. Wied also means a weed. The Rockefellers are worth several billion and they use their charity racket for financing bribes, gang stalking, and human trafficking with Jay Rockefeller, Sharon Percy Rockefeller, Steven Rockefeller, Laurence Rockefeller Jr, Ariana Rockefeller, and David Rockefeller Jr as current members. The Rockefellers are one of the top authorities in New York City and in the United States and they developed their global vaccination program in Bellagio, Italy which is part of their chemical warfare agenda. The Rockefellers financed the Tavistock Institute which develops psychological warfare programs on society. The Rockefellers also financed the Almighty Vice Lord Nation a black supremacist street gang with a 275,000 dollar grant in 1970. Jay Z is a top boss of the AVLN which is why he Shawn Carter calls himself Jay for Jay Rockefeller and why he calls his record label Roc-A-Fella.

The Flick family originated in Siegen a territory ruled by the Sayn-Wittgensteins and married them with Gert Flick the husband of Princess Johanna von Sayn-Wittgenstein-Hohenstein. Friedrich Flick was a Nazi and wealthy industrialist that used tens of thousands of slaves for labor during WWII. The Flick family are currently worth at least 7 billion with Friedrich Christian Flick, Gert Flick, Moritz Flick, and Alexander Flick as current members. Prince Ludovico Chigi-Albani della Rovere was the Grandmaster of the Sovereign Military Order of Malta during WWII and married Princess Anna Aldobrandini who had Rochefoucauld French noble ancestry. Prince Ludovico Chigi's mother was Princess Antoinette of Sayn-Wittgenstein-Sayn. Dominique Prince de La Rochefoucauld-Montbel is currently a member of the Sovereign Council of the Order of Malta. It was really the royals and nobles and the Sovereign Military Order of Malta that orchestrated WWII and manipulated all sides of the war. The Nazi Vice Chancellor Franz von Papen was a Vatican knight and believed to be a Knight of Malta. Baron Albrecht Freiherr von Boeselager is the current Grand Chancellor of the Order of Malta which is headquartered in Rome. The Boeselager are a German nobility and Baron Georg von Boeselager and Albrecht's father Baron Philipp von Boeselager were Nazis who were involved in the fake plot to assassinate Hitler known as Operation Valkyrie. The Order of Malta are a military council and engineered various wars throughout history including WWI and WWII. There was also a holocaust in Albania during WWII carried out on ethnic groups in Albania like the Slavs. The Albanian Mafia are extremely violent and have human trafficking networks going into Germany and the Mid East. The Chigi-Albani della Rovere family are owners of the Albanian Mafia which have large operations in Italy and work closely with the Italian Mafia. Prince Wilhelm of Wied was the sovereign ruling Prince of Albania for less than a year however his claim lasted for about a decade. Count Friedrich Carl of Wied-Neuwied was married to Countess Louise Wilhelmine of Sayn-Wittgenstein-Berleburg and Princess Charlotte of Sayn-Wittgenstein was married to Count Christian Ludwig of Wied. The Sayn-Wittgensteins and Wieds have a close alliance and they are relatives of the Rockefeller family which also financed the Group of Thirty which are 30 top bankers and economists in society that oversee international banking and criminal finance. Prince Magnus of Wied has worked with Siemens a company that worked closely with the Nazis and their death camps. Franz Alexander Friedrich Wilhelm

Maximilian of Wied is a member of this family and his mother is an Isenberg. Some members of the House of Wied include Prince Metfried, Princess Felcitas, Prince Wolf-Heinrich, Prince Magnus, Princess Marie of Wied and Prince Maximilian of Wied. The Sayns, Wieds, and Rockefellers all need to be exterminated.

**Friedrich Flick**, (born July 10, 1883, Ernsdorf, near Bonn, Ger.—died July 20, 1972, near Lake Constance, Switz.), industrialist who amassed two fortunes in his life, one before and one after World War II, and was thought to be Germany's wealthiest man at his death.

Flick's first job after studying in Cologne was as clerk in a coal-mining business. Within eight years he had become a member of the board of directors. He soon bought stock in the giant Vereinigte Stahlwerke ("United Steelworks") and amassed a controlling interest by 1930. **He was accused of manipulating stock prices during the Great Depression**, allowing him to sell his interest for three times its fair market value. With the proceeds, Flick expanded his empire to include iron-ore and coal mines, foundries, steel mills, chemical plants, trucks, airplanes, railroad interests, and munitions plants. **He became Adolf Hitler's biggest industrial supplier and supporter.** Flick's wealth was estimated at \$1,000,000,000.

**Flick was tried at Nürnberg for exploiting Russian slave labour in his mines and plants; he was convicted and served three years of a seven-year prison sentence.** Even with 75 percent of his empire confiscated after the war, Flick managed to amass another fortune by returning to coal and steel. He sold part of his holdings in the Ruhr region and, with the \$45,000,000 in proceeds, bought postwar industrial concerns for a fraction of their true worth. Flick owned a 40 percent interest in Daimler-Benz, the automobile manufacturers, as well as paper, chemical, and synthetic-fibre plants.

**Runkel** is a town on the Lahn River in Limburg-Weilburg district in **Hesse, Germany**.

In 1791, Friedrich Ludwig, the last of the **Wied-Runkel line**, was made a prince. In 1796, fighting in Runkel's streets broke out as troops of the Landgrave of Hesse-Darmstadt drove French revolutionary occupying soldiers out of town.

In 1806, the Runkel holdings on the Lahn's right bank, and thereby the part of the town of Runkel lying there, passed to the Duchy of Berg. In 1824, the Wied-Runkel line died out with Prince Friedrich Ludwig's death, putting the lordly domain, along with the town of Runkel, in Wied-Neuwied's hands.

The second largest gang in Chicago is the **Almighty Vice Lord Nation**, AKA Conservative Vice Lords. They have over 35,000 members and are one of the founding members of the People Nation Alliance. The **grant was approved!** It took **ten years for the foundation to figure it out** and seek
